OFFICE OF THE
MAYOR

June 19, 1996

Karl E. Hein, Director
Real Estate and Facilities
Reliance Electric
6065 Parkland Boulevard
Cleveland, OH 44124-6106

Dear Mr. Hein:

This letter is to confirm the status of the water tank, fire pump, jockey pump, and pump station building. As required by the Tennessee Industrial Infrastructure Program, these items are and will be owned by the City of Crossville. As such, we will maintain them and pay all operating costs, including electricity, upon completion of construction.

I hope this serves as clarification of the matter. We look forward to having your company as a partner in our community.

Sincerely,

Earl Dean
Mayor
