Based upon the results of the bid opening, it is our recommendation that the project be awarded to the low bidder, Tank Pro, Inc., in the base bid amount of \$280,147.00 plus alternate number 1, which is to additionally fill tank pits with approved filler. Also, the base bid is for the "Crossville" tank logo that you have on a few of your tanks now and the deductive alternate is to letter the tank as it is now, instead of your logo.

We greatly appreciate the opportunity to work with you, the City of Crossville and the Catoosa Utility Department and please contact me if I can be of assistance in any matter.

Sincerely,  
STIGALL ENGINEERING ASSOCIATES, INC.
