### **TO THE CITY OF CROSSVILLE, TENNESSEE:**

#### **A M E N D M E N T # 1**

The DEPARTMENT OF TRANSPORTATION of the State of Tennessee, hereinafter "DEPARTMENT", and the City of CROSSVILLE, hereinafter "CITY", have previously executed this Proposal Agreement for the project designated as State Project Number 18462-2201-14 and described as S.R. 462 Northwest Connector from S.R 1 ( U.S. 70) to S.R. 24 (U.S. 70 North), whereby the CITY agrees to cooperate with the DEPARTMENT as set forth in the Proposal. DEPARTMENT and the CITY now wish to amend this Proposal to set forth more clearly the respective maintenance responsibilities of each party with respect to the completed project.

Accordingly, the parties agree as follows:

Paragraph 16 of the proposal is deleted in its entirety, and the following is substituted in its place as a new paragraph 16:

16. The DEPARTMENT will maintain the completed project if it is classified as full access control (i.e., a project which has no intersecting streets at grade), and on non-access control projects the DEPARTMENT will maintain the completed project to the extent that it falls outside the CITY's corporate limits, except as otherwise provided in this Proposal. Further, the DEPARTMENT will maintain any portion of the pavement from curb to curb where curbs exist or the full width of the roadway where no curbs exist on non-

access control projects, to the extent that any part of the completed project is within the CITY's corporate limits, and the CITY agrees to maintain other parts of non-access control projects that are within, or may hereafter be annexed into, its corporate limits.

All other terms and conditions of this Proposal not expressly amended herein shall remain in full force and effect.

The acceptance of this Proposal Amendment #1 by the CITY shall be evidenced by the passage of an ordinance, or by other proper governmental action, which shall incorporate this Proposal Amendment #1 verbatim, or by reference thereto.
