**Subject:** Crossville Closed Landfill - Recent TDEC Letter  
**Attachments:** Letter from Doug Brady about Sampling Program 9-3-2015.pdf

Mr. Begley,

As discussed in my previous email, TDEC is requiring additional testing beyond the normal Appendix I parameters. We can provide the additional test as necessary on a unit rate charge per test. The current list of test we have performed at other site and rates are as follows:

<b>Dissolved metal for Appendix I metal list, per sample</b>	\$195
<b>Laboratory Filtering, per test</b>	\$15
<b>Turbidity Analysis, per test</b>	\$50
<b>Chloride Analysis, per test</b>	\$42
<b>Laboratory pH, per test</b>	\$8.50
<b>Ammonia, per test</b>	\$45.00
<b>Additional laboratory testing, per test</b>	Cost+15%
<b>Consulting time for TDEC inquiries or other task beyond sampling and statistical analysis, per hour at standard rates</b>	

If I can be of any assistance please feel free to contact me.

Sincerely,

**Environmental & Civil Engineering Services**
