

Position Paper on Funds Expended for Catering and Meals

After reviewing the tax funds spent in FY 2012/2013, I am less than impressed with our utilization of tax dollars. As the City Council sets to administrate policy, we also have a fiduciary responsibility as oversight. It remains our responsibility to ensure our constituents best interests are at the foremost of every decision.

It is my opinion that the utilization of funds relative to public relations has been abused. We are remiss in our duties to allow this to continue. It does not take a rocket scientist to pinpoint the abuses.

In order to ensure that we remain the stewards of the constituents I will place a motion at the next regular meeting that all meals/catering over fifty dollars have prior approval by the City Council.

Respectfully,
