RE: New Animal Shelter Building

To: Mayor Mayberry and the Crossville City Council Members,

We are requesting that the City of Crossville please waive all associated building permit fees for the new Animal Shelter facility that the City of Crossville and Cumberland County are partnering to construct.

I would also respectfully ask that City crews install a low pressure sewer line into the location of the building and provide the future contractor with a grinder pump for this project. The cost for the sewer materials can be subtracted from the City's contribution on this project.

Respectfully,

Kenneth Carey, Jr.
