Date: November 14, 2012

Attention: Sally Olgesby

Crosswalk and speed reduction

To Whom It May Concern:

We will be moving into our new building in the next few weeks. It is a concern that we may need a crosswalk and speed reduction sign at 281 4th Street and 17 Evelyn Ave. Because of the increase in women and children we feel there could be a safety issue for people crossing the street. Thank you for your consideration. If you have any questions feel free to contact me at (931) 707-0503.

Sincerely,

Ralph Reagan
Director
