RE: Setback Variance

Dear Planning Commission Members,

Flynn Sign Co., Inc. desires to make improvements to our facility at 85 Burnett Street that includes a carport/patio type structure on the West side of the building.

We are respectfully requesting a variance granting a zero setback to construct a lean-to roof, concrete pad, and place landscaping up to the adjoining property line.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Tom Flynn".

Tom Flynn – President
Flynn Sign Co., Inc.
