

P.O. Box 1371, Crossville, TN 38557

September 22, 2023

To Whom it may concern,

We would like to make a request to be put on your Sewer System. We have a 42-year-old septic system that has reached its life span. We've been told that it is beyond repair. We believe that going onto the City sewer system would be more cost effective in the long run and a better decision for all of the home owners.

We are a 28-unit Condo Association in Lake Tansi Village and asking that you consider our request. Our location is off Big Horn Drive. Units 1-9 are located at 33 Big Horn Loop; Units 10-16 are located at 73 Big Horn Loop. These are the units that are on the failing system now. Phase 3 of Indian Woods Village, even though on a separate system, would also like to hook up to city sewer if available.

Sincerely,

Randy Welsh, President
