There have been requests regarding alcohol on City property. A local business has requested to be permitted to serve wine at the Depot at an event for its customers, and a local business wishes to host an event and sell beer at the Amphitheatre. A policy and/or ordinance revision should be considered if the Council wishes to allow alcohol. Mayor Pro Tem Crawford suggested a DORA (Designated Outdoor Refreshment Area),

which is a specifically designated area that allows patrons to purchase alcoholic beverages from an establishment, and carry them within a clearly defined area within the City.

City Attorney Ridley suggested that the Council make a decision about whether or not to allow alcohol on City property, then if the Council decides to create a DORA, they should consider that as a separate issue.

The City's insurance carrier only sees an issue with alcohol if the City itself is serving or selling.
