

ORDINANCE NO. \_\_\_\_\_

An Ordinance to amend portions of Title 18 of the Crossville Municipal Code pertaining to zoning and land use control.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CROSSVILLE,  
TENNESSEE AS FOLLOWS:

SECTION I.                That Title 18, Chapter 3, Section 4 (A) and (E)(1) of the Crossville Municipal Code, said Section being entitled "Design Criteria", be amended to read:

(A) *Construction of interceptor.* Grease interceptors shall be constructed in accordance with the city's standards and shall have a minimum of two compartments with fittings designed for grease retention. All grease removal devices or technologies shall be subject to the written approval of the city. The approval shall be based on demonstrated removal efficiencies of the proposed technology. The city's standard for grease interceptors is based on the newest adopted edition of the International Plumbing Code.

(E) *Interceptor sizing.*

(1) The required size of a grease interceptor shall be approximated by using the formula in the newest adopted edition of the International Plumbing Code. Most grease interceptors will have a capacity of not less than 1,000 gallons nor exceed a capacity of 2,000 gallons. If the calculated capacity using the city's grease interceptor sizing formula exceeds 2,000 gallons, multiple units in series shall be installed.

This ordinance shall take effect from and after its final passage, the public welfare requiring it.
