Utility Notice and Release of Liability

In order to understand the difference between PUBLIC utilities and PRIVATE utilities, please read. If you have any questions, please contact Recreational Concepts.

Definitions:

PUBLIC utilities: *Utility lines owned by a business organization (such as an electric company) performing a public service and subject to special governmental regulations. Generally, lines from the street to the meter are considered PUBLIC.*

PRIVATE utilities: *Utility lines running from the meter leading inside the property (such as electrical, gas and water lines) or lines from inside the property leading to a street connection (such as sewer or other drain lines) are considered PRIVATE. PRIVATE utilities can include but are not limited to the following: Electric, water, gas, phone, cable, geo-thermal, irrigation, sewer, storm water drainage, fiber optic.*

Responsibilities:

Prior to excavation Recreational Concepts' installers will perform an 811 Utility Locate of the work site area. This will locate and PUBLIC Utilities in the work area, it does not locate PRIVATE utilities. Recreational Concepts' installers and local locate companies are responsible for the care and damage prevention of PUBLIC utilities.

PRIVATE utility lines are the responsibility property owner. Recreational Concepts and their installers require all PRIVATE utility lines to be located and clearly marked with high visibility paint and flags. The property owner assumes all responsibility and cost associated with unmarked lines damaged during excavation. If lines are located within the dig area they must be listed on page of this document.

Underground Obstacle Notice

Recreational Concepts prices the installation of Playground and other equipment based upon the assumption of the work site being clear of underground obstacles. These obstacles include but are not limited: *heavy rock, shot rock, utility lines, buried trash, old building foundations, abandoned roads, ground water.*

The presence of heavy rock or other obstacles that prevent the digging of footers with a typical skid steer and auger that require extra measures such as the use of jack hammers or extensive hand digging will be billed by change order on a cost basis.

The presence of utility lines in the work area that require hand digging will be billed by change order on a cost basis.

The presence of heavy-ground water that requires a change of footer design or other construction measures will be billed by change order on a cost basis.

As the property owner or as the authorized representative of the property owner, I have read the above and understand that the property owner is liable for additional cost incurred during construction due to underground obstacles located within the work site area of the property located at:
