

Request for variance for manufactured home built in September 2001.

Crossville City ordinance Chapter 4 Section 14-402 “Regulations of Mobile Homes on standard lot or parcel” states that (1) “The mobile home is new or no more than ten years old”. I hereby submit the attached pictures of this doublewide manufactured home, for you to issue a variance for me to buy and place this home in the city on an appropriate lot. I have not purchased a lot at this time for I would not need it unless I would make this purchase. Of course the set up people meet all requirements necessary in lot preparation, setting, and tie downs required by state regulations. This home has been well cared for inside and out. It is currently set up near Bowman Road in the county. This home has a manufacture date of September 2001. And original owner purchased it in 2002. Thank you for your consideration.

Tom Baker 75 Baker Lane Crossville, Tn. 38555
