Subject: RE: building inspection program
Importance: High

Good Morning David,

After looking at the upcoming month of September, along with the recent elections of the County Commission and having 11 new Commissioners, I do not feel that the County would effectively be able to make a decision on the agreement that we have with the City of Crossville on Building Code Inspections in such a short amount of time.

Therefore I would like to by this email Officially request an extension of up to six (6) months of our current agreement in order to allow time for the new Commissioners to get settled in and become accustomed to government policies and procedures and form the respective Committees of the County Commission and become familiar with the current agreement that we currently have in place and to try to do that in less than a month is simply not a practical amount of time. I would appreciate the City of Crossville granting this extension as we continue to work together for a better community. Please advise if there is anything further that you may need in order to act upon this request.

Respectfully,

Kenneth Carey, Jr.

Kenneth Carey, Jr.
Cumberland County Mayor
Two North Main, Suite 203
