City Manager

City of Crossville
392 N. Main Street
Crossville, TN 38555

Subject: Request for City Participation in Intersection Improvements – Peavine Rd., E 1st St., and Chestnut Hill Rd.

Dear City Manager and Members of the City Council,

I am writing to formally request the City of Crossville's participation in the required improvements to the intersection of Peavine Road, E 1st Street, and Chestnut Hill Road.

As part of the development of our new convenience store located on Chestnut Hill Road, we are required to upgrade the entire intersection. We fully understand and accept responsibility for the improvements directly associated with our project site and its impact on traffic flow. However, portions of the intersection—particularly those not adjacent to or impacted by our development—fall outside the scope of what would typically be considered the developer's responsibility.

Given that these improvements will benefit the broader public, including residents, local businesses, and through traffic, we respectfully request that the city consider contributing to the project. Addressing the full intersection at once will allow for a more efficient and cohesive construction process.

Thank you for your time and consideration of this request, and for your continued commitment to infrastructure improvement in the City of Crossville.

Sincerely,

William B. Weigel
