

Mr. Dean,

My name is Erich Spence, and I am asking for permission to install a 6-inch water main and a fire hydrant, 4 meters from Myrtle Ave down Peachtree Dr. roughly 800ft. We are planning on building four houses on the right side of the right of way. We plan on improving the right of way with fresh gravel as well. We are all set to start one of the homes with bank financing already in place. Please let us know as soon as you possibly can. I have attached a copy of the TN maps showing the highlighted lots where we intend to build.

Thank you,
Erich Spence
