Subject: 4828 Highway 127 North Anexation

Sally,

Thank you and Tim Begley for meeting with me the other day.

After considering the options, if the city will get the boar under the road and make the connection, we will do the rest to connect to sewer and start the annexation process.

The total cost for us to use a septic system is \$1,500.00.

Thank you for your time,

Jay Hayes
President
