RE: *Request for Qualifications*

---

Dear City of Crossville,

I am writing this letter in response to the Request for Qualifications regarding the contractual review of a contract between the City of Crossville and Crab Orchard Utility District. I am certainly interested in this job, and I would be happy to serve the city in such a capacity.

As far as qualifications go, I am a local attorney who has practiced in and around Crossville since October of 2022. I graduated from Lincoln Memorial University Duncan School of Law in 2022, and I have worked in both litigation and transactional capacities since beginning my law practice. Importantly, I have provided contractual work, both for buyers and sellers, and have completed several local and outside deals. Should I be selected for this job, I vow to provide the absolute best work product within my capabilities.

Please feel free to reach me at my office number provided at the top. Moreover, my personal cell phone is (931) 200-6649 if you need to reach me there. Thank you for your time.

Kind regards,

Joseph T. Wyatt, BPR # 040207
