We are currently having difficulty obtaining the Scag mower that we originally quoted for you in March 2022. Instead, we would like to recommend an Exmark Lazer Z X-Series Diesel with a 60-inch side discharge. The cost for this mower with rear tweeel wheels and discharge cover would be \$22,447.00.

I realize that this is higher than the original quote, but due to circumstances beyond our control, prices have increased since March. I would like to apologize for any inconvenience that may have been caused. Please let me know if this mower will meet your needs and I will have it shipped as soon as possible.
