

Parks and Recreation Department would like permission to apply for the Pet Safe Bark for Your Park Grant. This is a fully funded in-kind, cash or combination grant with no match required. Pet Safe has partnered with UltraSite by PlayCore to award as much as \$275,000 in grants not to exceed \$25,000 per grant. The grant program is sponsored by Radio Systems Corporation in Knoxville, Tennessee. Grants will be awarded in 3 basic divisions:

- 1) \$25,000 New Park Awards: Five communities without dog parks will receive awards valuing \$25,000 each.
- 2) \$10,000 Park Maintenance Awards: Ten communities will each receive a combination of \$10,000 worth of funds as well as high quality dog park equipment from UltraSite by PlayCore.
- 3) \$5,000 Park Equipment Awards: Ten communities with existing dog parks will receive awards valuing \$5,000 each to help maintain and improve their current dog park.

Grants are awarded on a combination of factors, including need (condition of existing park), impact (dog population, number of existing parks and recreational pet opportunities) and support (3 year commitment and prior efforts). Grant winners agree to install signage for the dog park that includes the sponsors PetSafe brand name and logo. Applications must be received by June 30th, winners will be chosen and awarded in September.

Small Dog Course

Good things come in small packages, which is why we created this agility course for small dogs. It features a newly designed hoop jump that is shorter to the ground and features smaller hoops that are just the right size for teacups and terriers. This course also features the Doggie Crawl, Weave Posts and Paws Table. Installation height of the Paws Table can be shortened to accommodate smaller dogs. Standard installed height is 12".
