Payment Terms:

1. Tennessee State Wide Contract Purchases prompt pay discount. We provide a 4% Prompt Pay discount if payment is physically received in Columbia within 30 days of delivery of vehicle to you regardless of mail date or check issue date. Purchase Order is to be issued at State Wide Contract Price.
2. Commercial Customers - terms of sale are cash on delivery to you or at the time that you pick up unit from our facility. We will not process title work or release the manufacturer's statement of origin until we receive payment in full with good funds.
3. Body builders - terms of sale are cash on delivery to your end user or no more than 60 days after the date chassis was delivered to you. We retain the rights to the chassis and any equipment mounted to it until we receive full payment in good funds. Until paid in full unit cannot be removed from your primary location unless submitted and approved by us in writing prior to movement.

All Customers - you will be responsible for any and all collection costs if we are required to seek legal assistance or third party collection for your account.

Things to Be Aware of

Order-to-delivery - CDJR of Columbia strives to have in ground stock most everything to support our contract sales. However from time to time and based on current sales trends and past sale history some models are not available for immediate delivery. If we do not have a vehicle in ground stock or as inbound stock we will order a unit for you from the respective manufacturer.

Lead Times - Order lead time varies from manufacturer to manufacturer and model to model, and occasionally an option is not available or has been placed on material hold/constrained. We try to provide the most accurate realistic lead time as possible based on current information provided to us by the respective vehicle manufacturers. We cannot guarantee a specific delivery date or be held liable for delays out of our direct control (I.E. fire, flood, acts of god, strike, rail/car carrier shortage, transportation delays, second stage manufacturer schedules, or work being completed by third party vendors / body builders).

Third Party Vendors - As a service to our valued customers we coordinate installation of requested equipment from one or many third party vendors as a convenience to our customers. All warranty, product, and installation not completed in our facility is warranted and supported by either the installing dealer or respective equipment manufacturer. We will assist in any way possible in the rare instance that an issue or problem arises in the warranty period.

Purchases Orders - Acceptance of this quotation does not constitute an order until a purchase order is accepted, or a deposit is placed with a receipt issued by Tennessee Fleet Sales or our affiliated companies. If ordering multiple units we accept multiple units on one purchase order so long as you agree to release payment as each individual unit is delivered and invoice. If you cannot split or partial pay on a purchase order we will require a separate purchase order for each unit.

Trade in Vehicles - We accept trade in vehicles on any vehicle that we sale. Please note any trade in value that is used for vehicles ordered. Requires the vehicle to be in the same physical and mechanical condition as it was at the time that appraisal is made to the vehicle. If vehicle is not in such condition adjustment to value quoted trade in value will be adjusted or trade in will be required to be repaired by the owner back to condition it was appraised in to receive quoted value.

Installation of Equipment - Vehicle manufacturers use a variety of means to provide a completed vehicle to the ultimate end user. In supplying a completed vehicle to you any and all of the below avenues may be used in completing your order.

1. Factory Order - standard equipment or item(s) ordered directly from the manufacturer, installed at assembly center, and shipped complete.
2. RPO - Regular production option(s) that are ordered directly from the manufacturer, installed at assembly center, and shipped complete.
3. RPA - Regular production accessories ordered directly from the manufacturer, shipped to dealership facility, and installed at our facility.
4. Second Stage Manufacturer - item(s) ordered directly from the manufacturer, shipped from assembly center to have specialized or complicated work done that would otherwise slow speed of assembly line down once completed, then returned to the assembly center and shipped complete.
5. DIA - Dealer installed accessory. Item(s) ordered by dealer from vehicle manufacturer, installed at dealers facility and then delivered complete to end user.
6. Up fitter - item(s) ordered by dealer, installed at vendor or dealer location, and then delivered complete to end user.
7. Ship Thru - vehicle ordered from the manufacturer, completed and then shipped to third party body builder for installation of specialized equipment. Once completed vehicle is returned to manufacturers transportation system for delivery to dealer facility.
8. Ship To - vehicle ordered from the manufacturer ship to up fitter / modification facility for completion of work then transported to dealer facility.

All of the above are standard and customary means to provide a completed vehicle to end user at the best value possible and a combination of one or more may have been used in preparing this quotation. We furnish and install a variety of equipment for our valued customers all equipment warranties are all supported by each individual component manufacturer and their respective dealer / distributor. All items are sold as is with no warranty implied by CDJR of Columbia. This does not mean there is no warranty, it means warranties are supplied, honored, and supported by respective vehicle and equipment manufacturers.
