

AUTUMN LOYENS

Student of the Month

September 2021

Autumn is in Ms. Joy Goad's seventh grade class. "Autumn has been through a lot; I see her striving to better herself, growing in her reading and math skills, and relating to her peers with grace. She cooperates daily with her teachers – she is respectful and does her work. Autumn cooperates with her peers. She watches out for others. Learning to live with a new family, new siblings and foster siblings takes cooperation. Learning the rules of a new family and agreeing to be part of that family takes cooperation. Coming to school and choosing to better yourself in the first truly stable educational environment you've ever had is a model of cooperation."

A COMMUNITY OF CHARACTER PARTNER

SEPTEMBER IS "COOPERATION" MONTH

"To work agreeably together for a common purpose or benefit."
