## CLC

---

Charles and Marlene,

I think it is now time to resign from the Lake Commission. The City election is over and I am still unable to get around very well. I have been keeping up with the minutes of the meetings and I think George will make a good commissioner. I remember we nominated him once before to only get shot down by the council. Please be forceful in the nomination this time. If I can help with anything (within my limitations), please call on me. I will make my resignation effective today, January 12, 2017. It has been a pleasure serving with all of the commission. Please give my best regards to all.

Sincerely,

Jim Powers
