To Whom It May Concern:

We had requested water and sewer be ran to our property on Wilson Lane. The property parcel tax ID is Map 126, Parcel 036.01 and Map 126, Parcel 036.01, S/I 001. The property is approximately 660 feet away from the end of the water pipe and sewer that was ran last. We purchased the land from Ted Monday and would like to build a house.

We would also like to request that our property that is within the county be annexed into the city so the entire property lies within the city limits.

We do realize and understand the cost of getting water and sewer to our property. We are ready to pay to have it ran.

Please let me know if you need any additional information. You can contact me at 931-200-0031 or carriejohnson959@gmail.com. Thank you for your time and attention to this request.

Thank you for your diligence with this request,
