Waverly Place & Tree House Plantation - Preliminary

The developer is proposing two developments along Cook Road and Beehive Lane. One will consist of zero lot line townhomes to be called Tree House Plantation with 53 lots. The other development will be larger lots with standard setbacks to be called Waverly Place with 10 lots. The two developments will consist of 5 roads (Cannon Drive, Jessica Drive, Tiffany Drive, Chelsea Loop, and Ashley Court), approximately 3,930 feet of roads, water, and sewer. One road, Cannon Drive, will be constructed on an existing city right-of-way that is currently undeveloped. The developer is seeking a variance for the requirement of a temporary cul-de-sac along the road that is proposed for the existing right-of-way. The developer's engineer has met with City staff and discussed the need for a cul-de-sac. Staff agreed that a temporary cul-de-sac is not needed with the proposed design of the road layouts. The developer will be constructing a curve between the two roads with proper right-of-way that will eliminate the need for a cul-de-sac. The unimproved right-of-way does extend beyond the development and connects to a property not owned by the developer. Should the property behind this proposed development ever develop, the road in the unimproved right-of-way, Cannon Drive, could be extended and the curve would become an intersection. The developer will also be constructing the utilities so that they can be extended beyond their development to the property behind it for when and if ever needed. Staff recommends approval of the variance for a temporary cul-de-sac and approval of the preliminary plat after meeting with the design engineers and working out the details of the road layouts.

Mayor Mayberry made a motion, seconded by Rob Harrison that the variance

and preliminary plat be approved.

Aye: 7 - Poore, Atchley, Harrison, Mayor Mayberry, Moser, Council Member Harris and Tabor

4 Annexation and Plan of Services for 99 Grandview Dr.

A request has been received from Milo Webb for the annexation of his property at 99 Grandview Drive in order to connect to City sewer. The property is adjacent to the City limits and has sewer available in front of the property. Staff recommends approval of the annexation and plan of services to City Council.

A motion was made by Gordon Atchley, seconded by Kevin Poore, that the annexation and plan of services be recommended to City Council for approval.

Aye: 7 - Poore, Atchley, Harrison, Mayor Mayberry, Moser, Council Member Harris and Tabor

5 Resolution recommending annexation and a Plan of Services for 2496 Lantana Rd

Louis B. Heuser is requesting annexation of his property located at 2496 Lantana Road to enable him to connect to City sewer, which is located in front of the property. Staff recommends annexation and the Plan of Services.

A motion was made by Kevin Poore, seconded by Mike Moser, that the annexation request and Plan of Services be recommended for approval to City Council.

Aye: 7 - Poore, Atchley, Harrison, Mayor Mayberry, Moser, Council Member Harris and Tabor

6 Bryson Division (Grandview Dr)-Final

This plat was presented to the Planning Commission on February 16, 2017 and denied due to lack of representation. The plat has been resubmitted.

The developer is currently building homes for sale on existing lots that he owns. His original plan was to rent the homes. When two of the homes were constructed, they were built across property lines. The developer has now decided to sell the homes; therefore the property lines need to be adjusted. Since the lot line adjustment is affecting three lots, it is classified as a Small Subdivision. One of the requirements for a Small Subdivision (3-5 lots) is for topography. Since the developer is not creating any new lots, he is requesting a variance for the requirement of topography. Staff recommends approval of the plat and variance.

A motion was made by Rob Harrison, seconded by Kevin Poore, to approve the plat and requested variance.

Aye: 7 - Poore, Atchley, Harrison, Mayor Mayberry, Moser, Council Member Harris and Tabor
