City of Crossville Water Department

Attn: Joe / Jerry / Brian

All,

Per your request we are please to offer the following Onsite Generation Equipment as Manufactured by Miox Corporation;

This price is for a M4SC unit which is larger than your current units, this sizing will allow for more capacity, faster tank fill ups, shorter cycle times for fill ups, which will lead to longer cell and system life. These units are also flow controlled and self – cleaning.

(1) Miox M4 Mixed Oxidant Generation System, 240 PPD, 6” Touch screen, PLC control, Transformer, self-cleaning, auto flow controlled, blower, HDPE removal cabinet, 480/3 vac - **\$119,700.00 ea.**

If you buy a 2<sup>nd</sup> unit at the same time you may purchase each unit for **\$112,700.00**, this would be a discount of **\$14,000** for purchasing 2 units.

Prices include freight to Crossville, no offloading, price includeds startup service, price does not include any taxes or items not listed.

Terms are net 30 days, pricing is good for 60 days.

Delivery within 8-10 weeks.

Note: this pricing includes some special discounting for buying the items together, however the items do not have to be delivered at the same time, an item can be purchased and delivered earlier, and the other item can be designated for later delivery in the same year!

Thanks
