Wastewater Treatment Plant
468 Sparta Highway
Crossville, TN 38572
Attn: Allen Tabor

**REF: Old Landfill Lift Station
Cushion Check Valve Replacements**

WASCON is pleased to offer this proposal for you on the above reference project. Please review the proposal and specifics below to include the following:

- (2) Flomatic – 4" Cushion Check Valves
Epoxy Coated w/ SST Shafts & Nitrile Seal
Max Pressure – 200 PSI
- (1) Misc. Bolt Packs & Gaskets as needed to install.
- (1) Mileage & Labor to install

PRICE: \$ 6,653.61

Notes:

1. The valves as indicated above is a replacement of the existing cushion check valves. The labor & mileage to install these valves is very minimal due to these materials that can be installed at the same time of the other valves & pump repairs. This will take place while the station is on bypass for the additional repairs top be made.
2. WASCON Standard Terms and Conditions Apply.
3. Pricing is valid for 60 days from date above.
4. Freight and any applicable taxes are not included.

WASCON looks forward to working with you on this proposal. If you have any questions regarding this proposal, please feel free to contact us at any time!

Thanks,
Scott Underwood
