

March 15, 2013

Mayor Kenneth Carey
2 N. Main St., Suite 203
Crossville, TN 38555

Commissioner Sonya Rimmer
Building and Grounds Committee, Chair
1034 POW Camp Rd.
Crossville, TN 38572

Dear Mayor Carey and Commissioner Rimmer:

Following a meeting of the Joint Economic Development Board, Sonya and I discussed the great need for restroom facilities for the amphitheatre. This facility will never reach its full potential for our community unless the public knows there are modern, clean, bathrooms available and nearby.

Per her suggestion, I am requesting that the Building and Grounds Committee, and full County Commission, consider selling the old Snodgrass Building and the adjacent property to the City of Crossville for \$1.00. With this property, the City would be able, at some time, to continue improvements to the amphitheatre venue for our community. I know there is some interest among members of the City Council; however, it has not been formally addressed to the entire City Council. Once we know the County's position on the matter, we will know what the possibilities are and proceed appropriately.

I will be happy to attend the next meeting of the Building and Grounds Committee if it would be appropriate to discuss it further.

Sincerely,

Bruce Wyatt
City Manager
