#### **Monthly Summary**

Replaced approximately 1 - 3/4",

water meters due to meter or AMR malfunctioning

Read meters, Did service orders and customer complaints

Worked on and/or replaced malfunctioning meter ERTs - 1 - 60W's

Grinder pump preventative maintenance, 67 cleaned/checked

Tested 55 backflows devices

Buc-ee's/TDOT projects did cut & cap of water mains in the way of construction

Flushing water main dead-ends

Raised manhole at Miller Ave. crossing area

Removed tree out of valve box at 198 Goose Point

Installed 4" sewer line valve in The Gardens for pump station repair

Raised valve box at corner of Sparta Hwy. & Kings Row

Fire hydrant testing & maintenance - painting, etc.

Dunbar Rd. cut & cap sewer line for TDOT culvent working being done

Started water line extension on Gordon Rd.

Repaired valve box at corner of Chelsea Ln. & Bobwhite Dr.

Sewer line repair on Dunbar Rd. that was hit due to culvert work

Bored for a water service at 1897 S. Main St.

Working on meter history update compairing field equipment with city account books and checking for maintenance problems.

#### Water main leaks repaired:

Intersection of Baisley Ln. & Taylors Chapel Rd. - 6" PVC

121 Old Hwy Cir. - 2" PVC

Myrtle Ave. by bridge - 6" PVC

#### Water service leaks or repairs:

215 Bent Tree Dr.

673 Scarlett Dr.

116 Premier Dr.

1101 Dayton Ave.

56 Old Jamestown Hwy.

431 Storie Ave.

#### Water Taps:

54 Creekway Circle

#### **Sewer Taps**

7000 Big Horn Dr.

53 Cannon Loop

54 Creekway Circle

#### **Sewer Line Repairs:**

Dunbar Rd. twice

54 Creekway Dr

E. Deercreek Dr.

#### **Grinder pump finals**

48 Capitol Dr.

2061 Lantana Rd.

197 Orange Cir.

60 Capitol Dr.

158 Holly Tree Dr.

16 Dewey Dr.

256 Cardinal Loop

#### **Grave Services**

Joe Zerbo

Catherine Louise Garner

Martha Nolan

Patricia Ann Dyer

Rudolph Marconi

#### **Next Months Forecast**

Replace AMR meters & ERTs as needed

Do water & sewer taps & graves

Repair Grinder pumps & cleanings & maint. checks

**Test Backflows** 

Remove valves and straight line 8" water line on Stout Dr.

Bore Miller Ave. for sewer tap for another Dollar Store

Hydrant testing and maintenance

Finish water line on Gordon Rd. - 2"

## Engineering Projects Report August 5, 2021

	Engineering Projects Report August 5, 2021	
Project	Current Status	Dates
TDOT 127 South Utility Relocation	TDOT has contracted with Engineers to redesign the portion of the project containing the Homestead	
TROT (OT N. d. 1187); B. I. d.	Triangle into a stand alone project in English units.	T
TDOT 127 North Utility Relocation	This construction project was awarded to Jones Brothers, LLC February 23rd. The Contractor has	Target Completion Date June 30,
Section 1	started clearing and installing erosion control devices. The Utility Contractor started digging bore pits this week.	2025
TDOT 427 North Htility Polosotion	All final utility plans and information have been submitted to TDOT and we are awaiting construction.	Bid Letting
TDOT 127 North Utility Relocation Section 4 (Fentress Cumberland	All final utility plans and information have been submitted to 1001 and we are awaiting construction.	October 8, 2021
County Line)		,
TDOT 127 North Utility Relocation	The Engineer has begun the preliminary design and the City has received the signed contract with	
Section 2	TDOT.	
TDOT 127 North Utility Relocation	The Engineer has begun the preliminary design and the City has received the signed contract with	
Section 3	TDOT.	
Northwest Connector Phase 3	The contract has been awarded. The City Engineering Department is reviewing material submittals. It	Total Completion
	was discussed at the pre-construction meeting that the utility relocation probably would not start until	Date July 21, 2023
	October due to the delivery of materials by TDOT, and we are awaiting scheduling of a pre-	Finish from Genesis To Stout
	construction meeting.	May 31, 2022
Northwest Connector Phase 2	All appraisals work has been completed and the City has started acquiring property.	Bid Letting 2023
Downtown Sidewalks	The grant has been extended. The City is in the process of acquiring the easements.	
Old Lantana Road, County Seat and	The City has reviewed the plans and the Engineer is revising the plans. A construction start date will be	
Southbend Waterline Replacement	established once the easements are acquired.	
Bridges for Trails at Meadow Park	The Street Department has completed the concrete work. The Engineering Department is working with	
Ovel Hellew Count	MTNG on changing the bridge to a steel or aluminum bridge.	
Quail Hollow Court	The Exhibit "A" document required for the sale of the property will be updated when the Airport Layout	
Main Street and Lantana Traffic	Plan is updated during this year.  This project is ready to be bid and we are waiting to coordinate this project with the downtown sidewalk	
Signal Replacement	project.	
Fourth Street and West Avenue	The Engineer is addressing the comments from the TDOT review. A utility coordination meeting is	
Traffic Signal Replacement	forthcoming. This project has low priorities because the City will not have STP funds to fund	
Orginal Replacement	construction for three to five years.	
Meadow Park Water Filtration Plant	The Engineer has created the exhibits for the easements. The City is in the process of acquiring the	Schedule will be
Sewer Project	easements.	forthcoming
Raw Water Study	The gathering of data for the Archeological Study is complete and the Environmental Study initial data	
(Meadow Park Lake Expansion)	gathering is complete. The preliminary environmental documents have been forwarded to TDEC and the	
	archeological document has been forwarded to the USACE.	
Airport Obstruction Removal	City Crews have completed the removal of trees. City Council voted in July to apply for a grant,	
	which will take approximately 24 months to complete the entire project with the first year, after grant	
	award, being utilized for required environmental work. The project will have to be let for bid again as	
	part of the grant process.	
Catoosa 127 North Water Tank	The tank is complete. Underground piping and site work are all that remain.	
Underwood Street Sidewalk	Acquisition documents have been turned over to the City Attorney so that City Staff can negotiate the	
	acquisitions.	
Tulip Drive Sewer Installation	The plans are complete and the City is awaiting the payment of the fees.	
Airport ALP	The City has received a draft copy of the Exhibit A (Airport property and funding map). The lidar survey	
·	is scheduled for October. A one year contract grant extension is on the Council agenda for approval.

The contractor has excavated the pit holes and is waiting on the delivery of the meter vaults.  Community Development Partners has requested more industry growth information and they are looking at other grant opportunities.  HOA of Deer Creek has renewed their sewer permit and they are discussing option for connecting to the City Sewer system.  The HOA has hired a contractor to perform the installation. The HOA has paid their fees. An agreement with South Cumberland Utility District is on the agenda for approval.  The Engineer is developing the utility relocation plan.  The TDOT Contractor broke the sewer line at both crossings and City crews repaired both crossings. This project will be complete by the time of the Council meeting and will be removed from this list.  All upgrades have been completed. Capping the line to the tank is all that remains in order to disconnect the tank and the pump. CoLinx has requested reimbursement for the remainder of their money.  The Contractor was scheduled to start work in July. City Staff has notified property owners, by mail, of the proposed work.  The Contractor has primed the tank on the inside and has started sand blasting on the outside.  The Final Plat has been approved by the Planning Commission. All utilities and road base-stone are approved and paving and curbing are remaining items to be completed.  The Final Plat has been approved by the Planning Commission. The Utility plans have been approved by the City and TDEC, and the Developer has started the underground electric, water and sewer.	Bid Letting December 10, 2021  Bid Letting August 19, 2021

#### Airport Committee Meeting Report from FBO: July, 2021

May Fuel Flow: 7972 gallons

Avgas: 3798 gallons Jet A: 4174 gallons

June Fuel Flow: 13204 Gallons Avgas Fuel Flow: 3453 Jet A Fuel Flow: 9751

Last June Fuel Flow: 9687 gallons Avgas: 2291gallons Jet A: 7396 gallons

We had a great month for fuel sales. This was the best Jet A sales month we have had since we started two years ago.

We flew 78 hours on the flight training aircraft in Crossville in May, which was down from 117 hours in May. We had one of the 172s down for a scheduled engine change. Flight training is back to busy in the first 7 days of July. Our other training locations had good months in June with 100 plus hours at each location.

The maintenance shop remains busy to capacity. We are rolling out two big jobs this week and next, which will clear space for aircraft waiting to get in for annuals.

We purchased a Beech Sundowner and have it on the market for sale. We have two Crossville-based pilots interested in the aircraft.

I met with Dr. Scott Maddox, Jon Hall, Mason Hall and Chris Bennett in Smyrna yesterday to show them a possible aircraft to buy for the Crossville high schools flight-training program. Azure is working with the school system to set up the program. They are ordering Redbird Full Motion Flight training devices (simulators). One will be based at the airport in the new room we acquired when the police department moved out to the hangar offices. We would like to carpet and paint the rooms we acquired so that when the simulator goes in it will look good.

General Aviation continues to be strong across Tennessee evidenced by fuel sales increases. Every maintenance shop owner we know is at capacity, everyone is seeing increases in fuel sales and used aircraft are selling at high prices.
