Can you put this on a work session

DOING THE MOST GOOD

Mr. Loggins:

February 9, 2018

The Cumberland County Service Unit of The Salvation Army was formed in 2001. Our mission is to assist the endangered, abused, and neglected children of Cumberland County.

Working in conjunction with the State Department of Children Services, we are able to provide both emergency and long term assistance to children who have become victims of severe neglect and abuse. In 2017, we assisted over 275 children by providing them with their immediate needs such as clothing, car seats, baby beds

etc. During the Thanksgiving and Christmas season, we provided gifts and food baskets for over 400 children and their families. We also work with our local Veterans Office to assist those that are in need.

We are asking for assistance with our upcoming 5th Annual Cruise In For Kids Car Show. We would love to be able to utilize our beautiful downtown to do our 2018 show, even do an evening show from 4-8 and get the businesses involved. We had 108 cars this past year and we are expecting more this year. We always have bouncy houses for the kids, and always get them involved with many other activities, including presenting the Kids Choice Award. We had 25 vendors that participated and are expecting many more this year as we keep growing. We would also like to utilize the Amphitheater for our Live Auction. We would like to be able to have Food Vendors/Trucks.

We love the kids of Cumberland County and raising money for them is our main goal. Teaming up with the City to bring the show downtown and "showing off" our beautiful city would be great! We have many that come in from out of town, like Georgia, Kentucky, and South Carolina.

I am attaching a flyer and a small map of the road closings that we would need to make this event happen.

Thank you for your consideration,

Jennifer Graham
