**Subject:** 15P073 Downtown Waterline addition - VOC Monitoring Services

Tim- Thank you for allowing us to provide a proposal for the VOC monitoring on the waterline addition to the downtown project. Based on our discussion, you are requesting a fixed price proposal to provide VOC monitoring of open excavation trench for an anticipated period of one month. We will be happy to provide a trained technician, mobilization cost, and VOC detector for a lump sum of \$3200. The price will cover one calendar month, Monday-Friday normal work hours of 7am-5pm, maximum of two monitoring events per work day with adequate notice (typically 24 hour) and 2 hour response time.

If I can be of any assistance please feel free to contact me.

Sincerely,

**Environmental & Civil Engineering Services**
