We did think about the Amp and the Depot, however this removes any chance of revenue

for us in our restaurant. The idea is we take our normal reservations fill the house to capacity and then over flow could hear the show outside on the street and we could handle the street walk-ins sales as the show is going on. We can't capitalize on sale if we move the event.

Asa,

That request has to come before the City Council. When we close Main, we have to have certified officers, we can't use our volunteers. Have you considered using the Amp or the Depot as your alternate sites? The Depot would be good because folks don't have to cross Main Street. Let me know your thought and we'll go from there.

**Subject:** Block party

Greg,

Grinder House is going to be celebrating our 2 year anniversary 7-19. And my 60th birthday

We have hired Travis Meadows who is considered the top songwriter of our times to come play Grinder House.

We have had an overwhelming response from guest that would like to attend.

That said I have spoken to Tony Perry who is willing to pipe his performance into the street with the same system used for Friday at the Crossroads.

My question is can we have a block party and close Main from 4th Street to 5th Street for

3 hours and allow folks that won't fit into Grinder to sit and listen in front of our shop on the street?

I will ask French's Boots if they will have any issue, but believe they will like the event since when every we have an event it draws business to them.

What do you think?

Kind regards,

Asa Reese and Angela Chastain
