

(2) Immediately after the moving of any building or structure, the permittee or his or her authorized agent shall securely barricade all basement excavations and other holes or openings.

(3) Within ten days after the moving of any building or structure, the permittee or his or her authorized agent shall complete the following work:

(a) Securely close and seal any sanitary piping located on the property;

(b) Fill with dirt or sand any septic tanks or cesspools located on the property;

(c) Fill any openings, excavations or basements remaining on the land with dirt or sand to street level or the natural level of adjoining property, unless otherwise directed by the Codes Administrator;

(d) Remove any buried underground tanks formerly used for storage of flammable liquids;
and

(e) Remove all refuse, debris and waste materials from the property.

(B) The bond required by this section shall be in an amount equal to the cost of the work proposed to be done, as estimated by the Codes Administrator. The bond may be in the form of a corporate surety bond, cash, deposit, savings and loan certificate or an instrument of credit.

(C) An extension of time for completion of the work required by this section may be granted by the Codes Administrator, when, in his or her discretion, circumstances justify an extension; but no extension shall release any bond or other security furnished pursuant to this section.
