To Whom it may concern,

The purpose of this letter is to request permission to improve a city owned right of way . The right of way is known as Taylor Lane. I own the property located at 152 /160 Park st. The ROW extends along the southern edge of my property. It is used as a driveway to access the apartments on the backside of the property.

I am hoping to raise the southernmost corner including that section of the ROW approximately three feet. To allow for easier access to parking for the new apartment building I am adding. I am hoping to use Gabion baskets, rock and gravel to accomplish this. I do not see how this improvement would negatively impact my neighbors.

I understand the ROW is the property of the city and my improvements would not change the status of the ROW. The improvements would be at no cost to the city. They would not restrict access to the utilities or ROW.

Thank you for considering this request.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Louis Morrison', with a long, sweeping horizontal stroke extending to the right.
