Attachments: 20200219 PUC Quote for repairs Bojangles.pdf; TDOT Plan showing the Drainage in the area of Bojangles.pdf

Mr. Clark,

I have discussed the issue and attached quote with the City Manager and make the following offer on the behalf of the City of Crossville and contingent on the City Council's approval:

The City will allow PUC to replace the storm drainage pipe from junction box to junction box (shown in green on the attached drawing) while under contract with Bojangles and the City will reimburse Bojangles \$15,475 which is half of the base quote minus the "Site Lighting \$1,000" line item. The City will also work with PUC in coordinating a storage area and or disposal area for the excavated materials.

Should you need any further information, please do not hesitate to contact me.

Thanks,

Tim Begley
Director of Engineering
City of Crossville

Mr. Clark,

The line shown in green on the attached drawing is the collapsed pipe. The google image shows our best guess location of the blind junction box in red.

Thanks,

Tim Begley
Director of Engineering
City of Crossville
