To Whom It May Concern:

As you may know, TAP Publishing has recently purchased SignSmith and has moved it from their 1337 West Avenue location to our existing buildings on Fourth Street. TAP is very excited to have a business of this caliber and the opportunities it entails, not only to the residents of Cumberland County but also to our existing customer base across the country and the world.

One of the key products of SignSmith are the vehicle decals wraps that we produce; in fact, that has consistently been one of our top selling products. We have already had to hire one more employee dedicated strictly for this product line as we are already applying wraps and decals to aircraft.

TAP would like to request approval to alter the sidewalk at the corner of Fourth Street and Henry Street per the design provided to us by the City of Crossville. This will allow TAP to expand the current capabilities of SignSmith in regards to vehicle wraps. Currently we are limited to the number we can produce at any one time due to space restrictions and your approval will allow us to increase our capacity by a factor of 7. TAP believes very strongly that we will be able to fill this capacity within the year and is excited by the fact we will, in turn, need to hire additional employees to help produce this. We have around 170 employees right now and would likely need to hire an additional 10 if this was approved.

TAP is excited to have SignSmith back in Downtown Crossville, hopes that the City of Crossville will approve our design, and would like to request to be put on the agenda for the July 22, 2016 meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Adam Strachn".
