Approval of Waterline Extension on Highway 127 North

SUMMARY: The City of Crossville is proposing a two-inch water main extension along the Right-of-Way of US Highway 127 North and the North Main Street Access Road for approximately 405 feet. See attached map.

Several years ago, a two-inch water line serviced the properties along Highway 127 North from Old Jamestown Highway. The line was abandoned by the City and was replaced as a private service line for Tax Map 87 parcel 050.03. In lieu of replacing the private cross-country line with a public line, the best option would be to extend a two-inch line down the Right-of-Way of North Main Access Road and Highway 127 North to service both properties from the front.
