Matters relative to soccer complex

SUMMARY:

As briefly discussed at the February 12th meeting, TDEC and the U.S. Army Corps of Engineers initially determined that there may have been violations in the construction and site preparation of the soccer complex. Since that meeting, TDEC is reviewing the data and asked for additional information. The City Manager has employed Michael Staggs to provide legal counsel on this matter. Mr. Staggs will be at the meeting to discuss the matter in closed executive session with the Council. Following that session, Council will re-convene to take whatever action needs to be taken in open session.
