Approval of to accept proposal for Baseline Environmental Assessment-Meadow Park Lake Expansion

**SUMMARY:** The City advertised to receive Request for Qualifications (RFQ) and Scope of work to perform baseline environmental assessment for the Meadow Park Lake Expansion Project. The City received 7 qualifications. Kevin Young, the Permit Project Manager with J.R. Wauford, reviewed and ranked the top two qualifications. Kevin Young and City of Crossville Engineering Staff interviewed the two firms via teleconference and chose the team of BDY Environmental LLC (BDY) and Ecosystem Planning and Restoration (EPR) as the best qualified for the work.

BDY has submitted a fee proposal, that is attached, which includes a Phase 1 lump sum fee of \$76,310.

The Director of Engineering is requesting the authorization for the City to enter into two contracts, to be reviewed by the City Attorney, with BDY and EPR for the services described in the proposal at a total cost not to exceed \$76,310.00.

**BUDGET ACCOUNT:**

**NECESSARY COUNCIL ACTION:** Accept propose and enter into a contract upon City Attorney approval
