Approval of application for grant funds for Airport Layout Plan Update

SUMMARY:

Since the last update, additional land has been purchased and an additional corporate hangar has been constructed. With the additional property, we believe it might be more economical to change the location of future hangars. The cost is estimated at \$90,000 with a state grant covering 90% of the cost. Approval of a grant application is requested. Following grant approval, a contract will be prepared with an engineering firm, subject to Council approval.

BUDGET ACCOUNT: Amendment needed, if grant approved.

NECESSARY COUNCIL ACTION: Approve submittal of a grant application for an update of the Airport Layout Plan.
