Ordinance amending the FY2015-16 budget for creating an Office Space at the Crossville Memorial Airport

SUMMARY: The Police Department is planning on creating an office space at Crossville Memorial Airport in the terminal building. This space will be used by officers who patrol the area and by Police detectives that investigate crimes. There is no cost to the Police Department for the use of this space; however, a cost estimated at \$3000 for the purchase of furniture and equipment does apply. This money has not been budgeted and requires a budget amendment. This process will apply an extra layer of security at the airport.
