Matters relative to Dorton Way

SUMMARY:

The section of Dorton Way between Old Lantana Road and Lantana Road is an unimproved right-of-way located inside the City limits. The roadway is basically a rutted gravel road. It is not an "Official City Street". The length of this section of road is approximately 310' long and the right-of-way is approximately 44' wide. Property owners adjacent to this right-of-way have agreed to pay \$6,000 toward constructing the street to meet City street standards. City forces can build the road at an estimated \$10,000 material cost, utilizing contract bid prices, existing City equipment, and City crews.

BUDGET ACCOUNT: 110-43100-471

NECESSARY COUNCIL ACTION: Accept the \$6,000 donation, approve the project as stated above, and accept this portion of Dorton Way as an "Official City Street".
