Approval of bid for Master Meters Installation at Meadow Park Water Treatment Plant

SUMMARY: Bids were received for the master meters installation at the Meadow Park treatment plant on September 24, 2020. A certified bid tabulation is attached.

The low bidder, Norris Brothers Excavation LLC, did not finish the last project that the City contracted with them. Eight months after the contract completion date, the City was verbally notified by Jacob Norris that Norris Brothers Excavating could not complete the project. The final project clean-up was completed by City Crews. All additional expenses paid or incurred by the City added up to be \$52,933.52 which did not include attorney expenses and in-house engineering administration.

A budget amendment is required for this project.
