Approval to purchase Redundant Server

SUMMARY: The IT Department has recently consolidated several servers into one virtual server, which has streamlined many of the administrative operations. Staff attempted to use an older machine to use as a redundant-backup to the primary virtual server, but due to the differences in the main board, staff was not able to create a successful back up. An identical machine is necessary. This machine was not budgeted; however, there are funds available. The cost is \$7,863.77.

BUDGET ACCOUNT: 41610-290

NECESSARY COUNCIL ACTION: Approval of purchase
