Matters relative to guardrail on Myrtle Avenue Bridge

SUMMARY: The guardrail on the Myrtle Avenue Bridge is substandard and in need of repair. Bids were received from R. D. Construction in the amount of \$11,750 and Cumberland Guardrail in the amount of \$12,850. This project was bid and staff was not aware that an engineered drawing had been produced. When the engineered drawing was recognized staff discovered that the length of guardrail bid was shorter than the required amount. Staff reviewed the bids and called the low bidder and asked for a break down of the bid per unit and asked the low bidder if he would perform the project with additional quantities for the unit price and he agreed.

The base bids and adjusted quantity bids can be viewed on the attached documents. The totals for the adjusted quantities bids are from R. D. Construction in the amount of \$16,750 and Cumberland Guardrail in the amount of \$29,100.

BUDGET ACCOUNT: 110-43100-930-004

NECESSARY COUNCIL ACTION: Approve low adjusted quantities bid of R. D. Construction in the amount of \$16,750.
