Grinder Pumps - Environment One - *Field's Engineering; Wascon (alternate); Hydromatic - Water & Waste* with a set sale price of \$2650 to customers

SUMMARY: The bid of Field's Engineering is recommended on the Environment One pump since the difference is only \$25 and he is a local vendor. In fairness to the suppliers and to ensure the proper pump is installed for the location, we recommend that the customers be charged a standard price of \$2,650, regardless of the pump selected. The City will determine the proper pump for the proposed location.

NECESSARY COUNCIL ACTION: Approve bids as recommended, and establish set price of \$2,650.
