### Discussion and action on sewer extension request from Homestead United Methodist Church

**SUMMARY:** Homestead United Methodist Church has made a request to connect to the City's existing sewer line. The Planning Commission met on April 17, 2014 and voted to recommend to the City Council to allow the church to connect although the church is outside the City limits and not requesting annexation. Attached is the formal request from the church, as well as an aerial photograph showing the location of the existing utilities in the area. The length of sewer line is approximately 850' with the cost for materials estimated at \$1,200 (excluding tax fees), which would be paid by the church. The church would remain an outside-City customer.

### BUDGET ACCOUNT:

**NECESSARY COUNCIL ACTION:** Approve/disapprove Homestead United Methodist connecting to existing sewer line.
