Discussion on Health insurance package for City Judge

SUMMARY:

A request has been made by the City Judge to be added to the City's health insurance plan with her paying the premium. The insurance provider has been contacted and provided the following: In order for health benefits to be extended to an independent contractor, there are certain criteria that have to be met. The first two of said criteria are as follows:

- An independent contractor must be actively at work, working at least 30 hours per week for the group.
- The group must offer coverage to all independent contractors meeting the necessary worked hours and contribute the same amount towards their coverage as the group contributes toward coverage for their regular, W-2 employees.
