Discussion and possible action on County building inspections

SUMMARY:

In the event that the City continues to provide building inspections for the County, the City Manager and City Attorney have drafted a new agreement. The agreement still needs to be amended to address commercial inspections. It is not planned for approval by City Council until Cumberland County has adopted all the required codes.

At the July 23rd special called meeting, the Council deferred action on re-establishing the City's offer to continue building inspections in the County.
