Discussion and action on request for sidewalks on Dunn Ave.

### SUMMARY:

Property owners on Dunn Ave., which runs from Interstate Drive to Matherly Street, have requested that the City install sidewalks, curb and guttering on the north side of Dunn Ave. They propose to contribute 50% of the raw material costs and dedicate the right-of-way. There are three parcels with only one of them currently developed and occupied by Dr. Johnny Shanks.

It has also been determined that the sidewalk can be constructed without the dedication of any additional right-of-way.

At the September 2014 work session and meeting, Council accepted the City Manager's recommendation for the property owners to pay all the costs for the materials with the City providing the labor and the project to be ranked with other sidewalk projects. At the November 2015 work session and meeting and the June 2016 meeting, this item was reviewed and deferred.

### BUDGET ACCOUNT:

NECESSARY COUNCIL ACTION: Consider request.
